

ANIMAL LICENSING

Your Pet's Ticket Home

Anyone who has experienced the anxiety, panic, and sorrow of having lost a pet understands how important it is to license your pet. Our pets rely on us to provide food, water, shelter, and to bring them home when they have wandered. One of the most effective ways we can do this is to license them. A license is an up-to-date, visible identification of your pet that includes many benefits such as:

- Saves the owner money on animal control/shelter fees
- Ensures that dogs are vaccinated against rabies, a fatal disease in both animals and humans
- Allows animal shelters and animal control agencies the ability to attempt to reach the owners
- Makes it possible for your pet to be returned home without ever having to go to an animal shelter
- Identifies your pets and allows you to be quickly reunited with them in case they ever become lost
- Assures compliance with Utah State law and therefore avoids a citation for failure to have a license
- Helps veterinarians contact pet owners should your pet become injured and be in need of medical treatment
- Is a key to emergency planning, helping owners and pets reunite in the event of separation during an emergency
- Helps anyone who finds your pet know that your pet has an owner and is not an abandoned animal in need of a new home

In short: licensing your pet saves you time, money, heartache, and is your pet's ticket home. Licenses can be obtained:

- At your city center
- At many veterinary offices
- Online at the following website: <https://northutahvalleyanimalshelter.org/licensing/>
- At the North Utah Valley Animal Shelter located at 193 North 2000 West in Lindon, Utah
- By scanning the QR Code above
